Staff | HackIllinois

FALL 2017 – PRESENT

Help to organize the logistics and schedule of *HackIllinois*, the first ever open-source focused collegiate hackathon. Led an initiative called Lightning Talks, which allowed participants to give quick tech-related presentations to their fellow hackers in a lecture setting.

Course Assistant | CS 125

SPRING 2018

Tasked with introducing students to algorithm development and fundamental object-oriented concepts. Assisted in leading a weekly discussion-based lab section and providing personalized help with designing and implementing small-scale Java programs to students.
